

## 7 - DEVELOP AN INITIAL PLANNING TOOL

*Planning - Boundaries of data layers as conceptual zoning instruments*

Digital elevation of Mnt Kenya

## 8 – REVIEW THE THREATS TO TBCAs AND ITS BENEFITS

*Review data that constitute a threat to conservation, review TBCAs*

Kosi bay along the Natal north coast

## 9 – INTERNET EXPOSURE

*Reveal and promote the Atlas to the IAP of the world*

Mangrove swamps of West Africa

## 10 – CONCLUSION

*The study up to now proves it is possible as long as WDPA works efficiently and effectively and the philosophy of conservation includes the framework flowing from natural processes to human benefit.*
